Jigawa State Government

2025 Citizens Engagement Program (JSCEP)

GWAMNATI DA JAMA'A

NATIONAL ANTHEM

Nigeria we hail thee,
Our own dear native land,
Though tribe and tongue may differ,
In brotherhood, we stand,
Nigerians all, and proud to serve
Our sovereign Motherland.
Our flag shall be a symbol
That truth and justice reign,
In peace or battle honour'd,
And this we count as gain,
To hand on to our children
A banner without stain.
O God of all creation,
Grant this our one request,
Help us to build a nation
Where no man is oppressed,
And so with peace and plenty
Nigeria may be blessed.

From June 2023- January 2025

35. OBJECTIVES OF THE BASELINE STUDY GUIDE CONDUCTED, IN ADDRESSING ISSUES OF MULTIDIMENSIONAL POVERTY IN RUNGIM AND TAURA FEDERAL CONSTITUENCY:

Objective 1.

To quantify the extent and severity of multidimensional poverty, amongst the population in RINGIM/TAURA federal constituency.

- a. Determine the prevalence of multidimensional poverty by measuring various dimensions such as education, health, housing, employment and social protection
- b. Identify the specific deprivations within each dimension and assess the severity of poverty experienced by individuals or households.

OBJECTIVE 2

To identify key drivers and determinants of multidimensional poverty in RINGIM/TAURA FEDERAL CONSTITUENCY

- a. Analyze the factors that contribute to multidimensional poverty, such as lack of access to quality education, inadequate quality healthcare services, limited employment opportunities and insufficient social safety nets.
- b. Explore the interrelationships between different dimensions of poverty and identify the underlying causes and pathways that perpetuate poverty in the constituency

OBJECTIVE 3;

To assess the impact of the existing policies and interventions on multidimensional poverty reduction in the constituency

- a. evaluate the effectiveness of current poverty reduction programs or policies in mitigating multidimensional poverty in the RINGIM/TAURA
- b. Identify any gaps, weaknesses, or disconnect between the interventions and the actual needs of the population experiencing multidimensional poverty.

OBJECTIVE 4;

To establish a baseline monitoring and evaluating future poverty reduction efforts in RINGIM/TAURA federal constituency

- a. Develop a comprehensive framework or set of indicators to track progress in reducing multidimensional poverty overtime
- b. Create a benchmark against which the impact of future interventions or policy changes can be measured

OBJECTIVE 5;

To inform evidence-based policies and decision-makers for addressing multidimensional poverty.

- a. Provide policy makers and stakeholders with empirical evidence based and insights to guide the design and implementation of poverty reduction strategies
- b. Suggest targeted interventions and policy recommendations based on the identified drivers and determinant of multidimensional poverty In RINGIM/TAURA federal constituency.

OBJECTIVE 6;

To raise awareness and advocate for importance of addressing multidimensional poverty in the constituency.

- a. Disseminate the findings of the baseline study to increase public awareness of multidimensional poverty and its implications
- b. Advocate For the inclusion of multidimensional poverty measures in policy discussions and decision-making process.

OBJECTIVE 7

- a. To use the findings and results from baseline study to design a well structured project for sourcing of interventions and programs both locally and internationally to address issues of multidimensional poverty in RINGIM/TAURA Federal constituency.

- b. To extract from findings of the based line study to form well informed motions and possibly bills to be read by Hon Sa'ad Wada TAURA on the floor of house of Representatives for a well guided legislation and representation.

Jigawa State: Key Achievements (January – April 2025)

1. Service Delivery

- In Q1 2025, the capacity of 616 healthcare workers was strengthened on Environmental and Social Safeguards (E&S), covering all 287 wards in the 27 LGAs. These trainings emphasized proper healthcare waste management, waste segregation practices, and safe disposal methods, particularly in alignment with national E&S guidelines.
- To enhance hospital delivery rates and reduce under-five and maternal mortality, the IMPACT project supported the engagement and training of 2,870 Traditional Birth Attendants (TBAs) across the 287 political wards of the state. Through their active involvement, 13,209 pregnant women were referred for facility-based deliveries, while 8,790 eligible children were referred for routine immunization services at the nearest health facilities.

- A total of 291 Medical Record Officers and Health Facility M&E personnel were trained on electronic Health Management Information System (DHIS2), data validation, management, analysis, and use for decision-making at the facility level, significantly improving data quality and service delivery accountability.

2. Primary Health Care (PHC) Strengthening

- With the support of the IMPACT Project, the state conducted 5,912 routine immunization outreach sessions across 281 PHCs. As a result:
 - o 11,035 eligible children received the third dose of Pentavalent vaccine (Penta 3).
 - o 15,063 children were vaccinated with the first dose of the Measles Containing Vaccine (MCV1).
- The project oriented 40 M&E and Program Officers from both state and LGA levels on how to conduct Integrated Supportive Supervision (ISS) and provide on-the-job mentorship to healthcare workers across 287 PHCs in Jigawa State.

STATE EXECUTED PROJECTS/PROGRAMS UNDER
IMPACT PROJECT

From June 2023-December 2024

- As part of maternal and child health interventions:
 - 3,000 Mama Kits were distributed to 281 APEX PHCs across all 27 LGAs.
 - 5,000 Immunization Packs were also delivered to the same PHCs to boost vaccination coverage and cold chain management.
- The capacity-building efforts on electronic HMIS, data quality, and analysis (as mentioned above) were pivotal in promoting a culture of evidence-based decision-making at the facility level.

Additionally, the IMPACT Project facilitated training for 40 M&E and Program Officers to lead quarterly Data Quality Assessments (DQAs) using the NHMIS PHC DQA/I national standard checklist. This has enhanced the integrity and reliability of facility-level data across the state.

3. PHC Revitalization

- Under One of Investment Support to BHCPF Facilities:
 - 114 Out of the 281 APEX PHCs earmarked for revitalization:
 - 35 PHCs (31%) have been fully completed.
 - 71 PHCs (62%) are nearing 95% completion.
 - 8 PHCs (7%) are at approximately 70% completion.
- The total contract value for the revitalization initiative is ₦9,778,830,388 (Nine billion, seven hundred seventy-eight million, eight hundred thirty thousand, three hundred eighty-eight naira).
- As of Q1 2025, a total of ₦5,867,298,232.80 (Five billion, eight hundred sixty-seven million, two hundred ninety-eight thousand, two hundred thirty-two naira and eighty kobo) has been disbursed.

IMPACT PROJECT

From June 2023-December 2024

- Compliance with the Environmental and Social Management Plan (ESMP) has been prioritized throughout implementation, and no major issues have been reported thus far. Routine site supervision and mitigation compliance tracking are ongoing.

4. Local Government Health Authorities (LGHAs)

- Payment for LGA Performance Framework Activities was not implemented during Q1 2025. However, mechanisms are being developed to enable performance-based disbursements in future quarters to improve LGA-level ownership and accountability.

5. The IMPACT Project continues to serve as a catalyst for health sector transformation in Jigawa State, driving sustainable improvements in primary healthcare delivery. Key catalytic contributions from January to April 2025 include:

- **Digitization of 281 PHCs**, enabling real-time data entry, accurate reporting, and evidence-based decision-making at the facility level.
- **Capacity Building:**
 - **308 healthcare workers** trained in **digital health tools, financial management**, and **facility-level accountability**.
 - **Over 500 healthcare workers** trained on **Environmental and Social Safeguards (E&S)**, promoting safe, inclusive, and climate-sensitive healthcare service delivery.
- **Provision of 3,000 Mama Kits** to 281 APEX PHCs, serving as a key demand-generation strategy to encourage pregnant women to deliver at health facilities, thereby contributing to reduced maternal and neonatal mortality.
- **Solar Power Installation** in PHCs, ensuring uninterrupted service delivery—especially for cold chain management and nighttime maternal care.
